

BREAD OF LIFE FRONTIER

2nd Quarter 2002

Medical Clinic and Evangelism in Taxicho

Pastor Jose Hernandez, of church plant in Taxicho, Hidalgo. This church plant has 50 members.

A group of doctors, dentists, and other medical professionals, and lay people from various cities in Texas participated in a medical/evangelism clinic from May 8-14 in Taxicho, Hidalgo. Many medical and dental problems were alleviated, eyeglasses dispensed and some professions of faith were made. The local pastors will follow up with discipling these new believers.

Left to Right: Evangelist and worship leader from Harvest Labourers, Cody Leger, Waco, TX; Elder Monty Michaels from Grace Gospel Church, Axtell, TX; and Pastor Ladislau Hernandez of El Alfarero Church, San Felipe, Hidalgo.

Evangelist Jack Reed ask new believer to give her testimony.

A typical home of an Aztec family in Taxicho.

*CLOWNS PERFORM IN TAXICHO
Left to Right Beverly Authement, Hayes, LA., Danny and Lynn Leger, and Tanya Thomas, Waco, TX and youth leader from the village of Taxicho.*

Matamoros Land Acquired !!

Praise God and thank you for your generosity. On Sunday, June 2, 2002 the Church from Las Palmas gathered for a dedication service on new ground. The land is approximately 5 acres and is located 13 kilometers from downtown Matamoros on the highway toward the Gulf Coast. Pastor Juan Roque is coordinating with a local architect to get a working model of the ministry center planned for this location. Jud Stone, from Minot, North Dakota, is bringing a youth group down to assist with the first project: a cistern. There is fresh water approximately 50 feet below the surface and we hope to drill a well in the near future.

The plans for this acreage include a worship center, a warehouse, a training center and some dormitories. We look forward with great expectation to see how God will provide laborers, materials and resources to bring this ministry center into being. If your church is looking for a mission project, please consider this an invitation.

Thank you again for your prayers and generosity to help make the land acquisition possible.

Matamoros land fund goal of \$18,000 met..

BLFM is evangelizing Mexico with church planting and outfitting national ministries

A Word of Thanks

We want to say thank you to two youth groups who have recently worked with BLFM. First, thanks to the youth group from Christview Christian Church in Tulsa, OK. They came and did street ministry in Matamoros, and built a foundation for a new home for one of the poor families in the Las Palmas Church. They shared a very powerful drama without words depicting the struggle between God and Satan for our allegiance. We know the seeds they planted will bear much fruit.

Second, thanks to the senior highs from Cookson Hills in Oklahoma. They drove to Tulsa and learned the drama from the Christview youth and performed in Aztec country. While there, they poured concrete floors for the church plant classrooms in Citlala and Tenango, and gave \$660 for flashlights to the local villagers. Both groups commented on how "satisfied" the people were with very little material possessions. We go to minister and end up being ministered to. Isn't that the way God works?

COMMUNICATION

The internet and email are playing a large part in our daily communication. One of the advantages currently of using the internet and email is that the cost of communication is less expensive and quicker. At BLFM we want to take advantage of this vehicle of communication. By sending out emails we can let you know prayer needs and answered prayers sooner. Please send your email address to us at middlebrooks@mail.com

Leadership Training

Juan Roque is inviting all Aztec-church plant pastors to come to Las Palmas Church in Matamoros for training. Practical training in the following areas will include:

- 1) How to develop leadership;
- 2) Sermon preparation; theme development
- 3) Developing self-supporting organizations;
- 4) Committing to full time pastoring;
- 5) Developing the spiritual gifts in the membership
- 6) Cooperating with other churches
- 7) Developing youth groups

These will be very practical areas that the pastors can take back and implement so that there is a vision for each church. The Las Palmas church will house and feed the pastors. BLFM will help supplement their salary while they are at the training, and

will help the seminary with materials. Juan is inviting Mexican pastors with experience in each of the areas mentioned to share and develop the curriculum. While the Aztec pastors are in Matamoros, volunteers from the Las Palmas Church will be filling in ministering in Aztec country.

Coordinator David Nuckols and National Director Juan Roque.

Future Calendar

Colorado group to work in Ciudad Chihuahua with Nehemias Ortega June 13-18

Youth group from Minot, ND to work in Matamoros June 17- July 1

Cody Leger from Harvest Labourers to preach in Matamoros outreach July TBA
