1st Quarter 2003

Vision for the Future

Pastor Juan Roque has a 3-D model of his vision for the five acre Las Palmas Church complex. The vision encompasses outreach to the local community and provides a leadership and discipleship training school for Aztec pastors. The vision includes raising up and training church planters and evangelists to reach Mexico.

First Buildings Erected at Matamoros Church Complex

As most of you are aware, we have acquired five acres of land about 13 km from downtown Matamoros. The land has been cleared, a palapa for fellowship, a mens and womens bathroom/shower, and a dormitory to house mission teams have been built. A house is being constructed to be used by visiting Aztec pastors and other evangelists who come for training.

“There is much to do and we look forward to your participation in this work.”

Medical/Construction/Evangelism Trip to Aquilastec, Hidalgo, Mexico

Phil Klassen (Harvest Field Ministries) and a group of Canadian winter Texans constructed a Sunday School room for the church in Aquilastec. They started at noon Friday and on Saturday evening the pastor was handed the keys to a two room/ four window classroom roofed, painted, and ready to use.

It was a blessing to see the building come together!

Aquilastec is the most remote church plant so far in Aztec country. It is one hour away from the nearest current church plant.

Family from Katy, Texas Makes Donations to Aztec Mothers

Thanks to Diane Mabens and family for the baby blankets and clothes. They were distributed to new mothers in Aquilastec, Citlala, Tlachinol, Pepeyocatitla, and Tenango. The warm blankets and clothes were appreciated because the villages are over 5000 ft. altitude.

Medical Clinic/Evangelism

On hand were general practitioners, dentists, chiropractors, pharmacist and othamologists. Medical clinics such as these provide Christian credibility to the new local church plant, which enables them to reach out with God's love to their neighbors. Thanks to the medical team for their support and devotion.

Local pastors Abel and Marcelino, along with pastors Timoteo and Juan from Matamoros and pastor Dionisio from Tlachinol, sang and conducted evangelistic services.

Future Calendar

Medical Clinic/Evangelistic Outreach in Matamoros Mar 28-29

Construction team From Lake Jackson, TX to build on new land in Matamoros April 7-12
